# Navy Jet Fighter for Sale on eBay

Tuesday, February 17, 2004 Posted 5:20 PM EST  
(2220 GMT)

**NOT AN APPROVED  
SOURCE FOR FMS!**

**NORFOLK, Va. (AP) — A Navy F/A-18 Hornet jet fighter -- but some assembly may be required.**

The price for the jet, which formerly belonged to the Navy's Blue Angels aerial demonstration team, is just over \$1 million on the auction firm eBay, or about \$9 million for a buyer who wants it assembled, painted and certified ready-to-fly.

Only legal U.S. residents can bid. The auction is scheduled to end Thursday.

An F/A-18 in 1997 cost the military \$28 million, according to the Blue Angels' official Web site.

Mike Landa, of Landa and Associates, the Washington state brokerage that has listed the fighter on the Internet auction service, told The Virginian-Pilot that the jet is in parts and came out of military service in 1994. Landa wouldn't identify the owner, but said he came by it legally.

"This thing obviously slipped through the system somehow," Landa said. The FBI came out to visit Landa after he put the jet up for bidding. They wanted to know "what are you selling here," he said. "They wanted to have the scoop on it."

Landa said he has no doubt that someone will surface to claim the Hornet. The jet's model can fly about 1,400 mph and climb 30,000 feet in a minute.

## *Federal Condition Codes*

### ***What is a "Federal Condition Code"?***

This is a two character combination of the "Supply" condition code and the "Disposal" condition code. The Supply condition code is assigned by the activity turning the property in to the DRMO/DRMS. ***Supply condition codes*** are always the first position of the Federal code and are defined as follows:

#### ***A - Serviceable - Issuable without Qualification***

New, used, repaired, or reconditioned material which is serviceable and issuable to all customers without limitation or restrictions. Includes material with more than 6 months shelf life remaining.

#### ***B - Serviceable - Issuable with Qualification***

New, used, repaired, or reconditioned material which is serviceable and issuable for its intended purpose but which is restricted from issue to specific units, activities, or geographical areas by reason of its limited usefulness or short service life expectancy. Includes material with 3 through 6 months shelf life.

#### ***C - Serviceable - Priority Issue***

Items which are serviceable and issuable to selected customers, but which must be issued before Condition A
